

MATCHA CLAY FACE MASK

Vegan & Natural

INGREDIENTS

- 2 tsp** bentonite clay
- 1 tsp** of our Organic Superior Matcha Grade
- Filtered water
- 1 drop** of tea tree oil (optional)

This is the perfect detoxifying face mask. The clay deep cleanses the skin, allowing your pores to release impurities. Matcha adds a boost of antioxidants, which work against skin damaging free radicals and fight signs of ageing.

Mix the matcha and the clay in a non-metallic bowl, add just enough water to get a smooth paste-like consistency.

You can add 1 drop of tea tree oil for anti-inflammatory properties.

To use, apply to damp skin, avoiding the eye area. Relax and leave it on until it starts to dry. Rinse off with warm water.
